## ADA APPROPRIATION BILL PASSES

APPROPRIATION OF \$48,096 FOR NORMAL SLIDES THROUGH SENATE.

## MANY BILLS ARE PASSED

Industrial College for Girls at Chickasha Gets \$55,000 for Maintenance—Indian Scout Gets Paid.

Guthrie, Okla., Mar. 3.—Senate bill number 103, by Stafford, providing for the sale of the quarter section of school land now under lease to the state fair association at Oklahoma City, passed the senate this afternoon. There are two amendments; one by Eggerman, providing for the sale of eighty acres of school land for a medical college at Shawnee; the other by Cunningham, providing for the sale of 640 acres of land adjacent to the city of Guthrie to the city of Guthrie for park purposes.

Senate bill number 95, by Strain and Goulding, authorizing boards of equalization to make corrections in assessments and allowing appeals from their actions, also passed. The section requiring appeals to be submitted in writing was stricken from the bill.

A steering committee, composed of Senators Williams (chairman), Thomas, Russell, Allen, Mitchell and Warren, was appointed to clean up the senate calendar and fix a date for adjournment.

Senate bill number 82, by Taylor, appropriating \$55,000 for the maintenance of the industrial college for girls at Chickasha, was passed.

House bill number 148, by Hughes, providing for the holding of sessions of the county court of Mayes county at Choteau, was passed.

House bill number 162, by Tucker, same provisions as in bill number 148 and applicable to Afton, in Ottawa county, also passed.

The oil and gas committee favorably reported house bill number 18, providing for the regulation of the inspection of oils, and for the appointment and compensation of oil inspectors.

The public buildings committee favorably reported house bill number 27, by Anthony, establishing a state home at Pryor Creek.

The legal advisory committee submitted house bill number 103, by McDuffy and Savage, providing for a landlord lien for money and supplies furnished tenants, without recommendation. A bill of this character was introduced in the senate early in the special session and was defeated.

Senator Cordell's appropriation of \$320.97 for William Tilghman, for services rendered as a scout during the Snake Indian uprising, was passed today.

The senate on convening this afternoon passed senate bill number 69, by Blair, legalizing bond issues of municipal corporations, which was amended, excepting cities of the first class.

Senate bill number 98, by Roddie, appropriating \$48,096 for the Ada normal, was passed.

Senate bill number 112, by Russell, creating a state board of public affairs, qualifying officers to hold until their successors are appointed, etc., was passed. The state board of public affairs is already in existence and this bill was introduced and passed to correct an error which was made in the original bill creating the office.

House bill number 85, by Anthony, providing for the taxation of the property and franchises of steam railroad companies, was, after much debating passed by the senate this afternoon. Senators Hatchett, Stafford, Davis, Blair and others opposed the bill bitterly, contending that it is not constitutional, and when the vote was taken, it had a constitutional majority, with not a vote to spare, Senator Blair changing his vote from "no" to "aye" to let it pass.

Senator Graham introduced the following concurrent resolution in the senate this afternoon, which was unanimously adopted by roll call:

"Whereas, the sixty-first congress of the United States of America, at its session begun and held at the city of Washington, the fifteenth day of March, 1909, by joint resolution, pro-

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three month's wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

## BOY MEETS DEATH UNDER CAR WHEELS

CLAUDE HUBBARD, 13 YEARS OLD,  
RUN OVER BY FRISCO  
TRAIN.

## OCCURRED AT 8:20 LAST EVE

Had Boarded Train and Attempted to  
Step to Next Car When He Fell  
Between Cars Cutting Body  
in Two.

Car wheels which have claimed so many victims added another to the list of fatalities at 8:20 last night when Claude Hubbard, aged 13, was run over and cut in two in front of the Frisco depot by a through freight on that road.

The train had stopped in this city to receive orders and the boy evidently attempted to board it before it made this stop. The actions of a brakeman bears out this supposition, for after the train came to a stop he went to the engine, and immediately started for the rear of the train. After going a few car lengths he discovered the severed body of the lad.

### Body Cut in Two.

The wheels had passed over the breast and only the skin was holding the two parts of the body together, which were lying between the main and passing tracks.

### Mistaken in Body.

Soon after the accident the report was made that the victim was a boy named Sitton who lives near Maxwell, and a sister of the Sitton boy was summoned but the body was not that of her brother. A complete identity was immediately made.

### Boy Had Companion.

With the Hubbard boy at the time of the accident was John Whitson, 16 years old, son of W. D. Whitson of Lawrence. A search was made for young Whitson but he was not located until about 10 o'clock this morning when it was learned that he was at his home. He was instructed to return to Ada to be present at the coroner's inquest at 2 p. m. today.

### Son of J. P. Price.

Claude Hubbard was the stepson of J. P. Price a well known and influential farmer near Lawrence. D. E. Price, a step-brother of Claude, lives on West 15th street in this city.

### Had Been Jumping Trains.

I. McNair, agent of the Frisco, stated this morning that the Hubbard and

Whitson boys were around the depot Wednesday night and Thursday jumping trains. Yesterday afternoon the Hubbard lad narrowly escaped being mangled while attempting to get on a train. After this occurrence Mr. McNair approached the lads and told them to keep away from the tracks. They left but after dark returned with the result of Hubbard forfeiting his life.

### Claim Agent Talks.

Geo. P. Walker, claim agent of the Frisco with headquarters at Francis, came to this city early this morning. He stated to an Evening News representative that the location of the Frisco tracks in this city is the most dangerous on the division and that more accidents happen here than at any other place, four boys having been killed or injured while attempting to board moving trains within the past several months.

### JOHN WHITSON TELLS ABOUT IT.

Companion of Claude Hubbard Makes Statement at Inquest.

John Whitson, the boy who was with Claude Hubbard when the latter was killed arrived in the city sooner than was expected and at the coroner's inquest which was held at 11:30 this morning he told the following story:

"Claude and I returned to the Frisco depot about 8:30 last night—after Mr. McNair told us to keep away—and were standing between the tracks. Claude wanted to go home but I wanted us to stay with my uncle

here. The train came along and he caught onto the first car which was a coal car. He started to step to the next car—a tank car—and fell head first between the cars. The front trucks passed over him and the train stopped before the next trucks got to him. I caught him by the feet

## DALLAS MOB LYNCHES NEGRO

ALLEN BROOKS, ASSAULTER OF  
3-YEAR-OLD GIRL IS  
HANGED

## MOB GETS HIM IN COURT ROOM

Five Thousand Persons Attempt to  
Kneel Two Others From Jail Their  
Purpose Being to Lynch  
Them With Brooks.

Dallas, Tex., Mar. 4.—Allen Brooks,  
a negro charged by indictment with  
criminal assault upon the person of  
Mary Ethel Buvens, a white child  
less than 3 years old, was lynched  
yesterday morning, while his trial was  
in progress in the criminal district  
court room.

Angered by the horror of one of  
the most heinous crimes since the  
days of reconstruction, less than 200  
white men and on conspicuous neg-  
ro fought their way past fifty armed  
deputies and twenty policemen in-  
to the courtroom and secured pos-  
session of Brooks without the firing  
of a shot or the serious injury  
of any member of either the attack-  
ing or defending forces.

From the second floor of the court-  
house where the negro was located  
a rope thrown from the crowd be-  
low through a window was tied  
around the negro's neck and the other  
end was tossed back to the crowd  
below.

**Pulled Through Courtroom Window.**  
Six or seven men grabbed the rope  
and began to pull. In the little jury  
room above, where Brooks had run  
to cover and where the last defense  
for him was made, were perhaps half  
dozen men who picked the negro up  
and shoved him through the window.

The window is about twenty feet  
above the ground, and Brooks came  
out of it head first. He struck on  
his forehead and the fall if it did not  
kill him knocked him unconscious.

## Hanged at Elks' Arch.

Then the maddened crowd caught  
the rope and dragged the negro's body  
up Main street to the Elks' Arch. One  
of the mob took the end of the rope  
and climbed up a telephone pole at  
the corner of the arch. The rope was  
thrown across one of the iron spikes  
used as ladders by linemen, and  
Brooks' body was pulled up until it  
dangled about four feet above the  
ground.

After the body had hung in the  
air about ten minutes a man in citi-  
zen's clothes climbed up and cut it  
down. Chief of Police John Ryan  
appeared then, and, taking charge of  
the body, had it carried to the Emergency  
Hospital in the city hall.

## Start for the Jail.

But having wreaked vengeance for  
the crime upon the body of a white  
man, the crowd then listened to the  
many cries of "Let's go get Burrell  
Oates and 'Bubber' Robinson." These  
murmurs had been heard through-  
out the whole of the forenoon, and  
as soon as Brooks' body disappeared  
a crowd of 600 men started toward  
the county jail.

Oates has been convicted five times  
of the murder of Sol Aronoff, which  
occurred in Dallas several years ago.  
Bubber Robinson has been convicted  
for the killing of Frank Wolford, a  
white farmer, which occurred over  
a year ago.

## WILL SEND LETTERS OVER TELEGRAPH WIRES

WESTERN UNION TO INAUGURATE  
NEW SERVICE

To Be Known as Night Letters and  
Will be Dispatched at Nom-  
inal Rates

Announcement is made by the  
Western Union Telegraph Company  
that it will shortly be prepared to  
handle long night messages at the  
rates customarily charged for ten  
word day messages.

It appears that the Western Union  
has a large unemployed mileage of  
wire at night, which is not earning  
anything. Those wires must be main-  
tained in any event to take care of  
the regular day business, and it is  
apparently the idea of the new in-  
terests in the telegraph company to  
let the public have the benefit of  
them. The announcement states that  
"A special night letter service" will  
be established as soon as practicable.  
The charge for this service will be  
the standard day rate for ten words,  
for the transmission of fifty words  
or less, and one-fifth of such stand-  
ard day rate will be charged for  
each additional ten words or less.

To be taken at these rates, "night  
letters" must be written in plain  
English language, that is to say,  
code words or communications writ-  
ten in foreign languages will not be  
accepted. The messages will be tak-

en at any hour up to midnight and  
transmitted at the company's con-  
venience during the night for deliv-  
ery the following morning. For the  
present, the new service is confined  
to Western Union offices in the United  
States. The tariffs charged for "night  
letters" are so low that it is ex-  
pected the new service will be large-  
ly availed of by business concerns  
and others to quicken their corres-  
pondence by using the telegraph in-  
stead of mails. A night letter sent  
by telegraph will reach its destina-  
tion at the opening of business hours  
the following morning, thus saving  
as much as three or four days when  
long distances are involved.

## WILBUR JONES OUT FOR REGISTER OF DEEDS

ADA'S CAPABLE CITY CLERK AN-  
NOUNCES.

A Native of Hopkins County, Texas,  
and Is Well and Favorably  
Known in Pontotoc County.

In yesterday's issue of the Even-  
ing News appeared the announce-  
ment of Wilbur B. Jones for the of-  
fice of register of deeds of Pontotoc  
county.

Mr. Jones has been a resident of  
Ada and Pontotoc county for many  
years and is well and favorably  
known over the county.

Two years ago he was elected city  
clerk of Ada over one of the most  
popular men in the city and carried  
every ward but one, and tied that.  
In 1908 he was re-elected without op-  
position.

So well has he transacted the busi-  
ness of that office the city would  
indeed be fortunate in having him  
continue in that capacity. To be  
clerk of a growing city like Ada  
when there are chances to make  
blunders, and to never make one,  
much executive ability must be ex-  
ercised.

Such is the record of Mr. Jones  
who at all times, as register of deeds  
would be thoroughly conscious of  
what is best for the people and that  
"best" would certainly be an honor  
for the man.

Mr. Jones is a native of Hopkins  
county, Texas, and lived there all his  
life until coming to Ada eight years  
ago.

## VETERAN EDITOR DEAD.

Kansas City, March 4.—Alexander  
Butts, associate editor of the Kansas  
City Star, and a widely known news-  
paper writer, died suddenly at his  
home here tonight, aged 63 years.  
Mr. Butts had been ill for six months,  
but recently was thought to be re-  
covering. He has been a member of  
the Star's editorial staff for twenty  
years.

## EIGHT CLERKS DEAD

Washington March 4.—Eight out of  
nine employees of the railway postal  
service who were aboard the Great  
Northern railway train which was  
swept into a canyon near Wellington,  
Wash., by a snow slide on March 1,  
lost their lives and the ninth was in-  
jured seriously.

## NO REASON FOR DOUBT.

A Statement of Facts Backed by a  
Strong Guarantee.

We guarantee immediate and posi-  
tive relief to all sufferers from con-  
stipation. In every case where our  
remedy fails to do this we will sup-  
ply it free. That's a frank statement  
of facts, and we want you to sub-  
stantiate them at our risk.

Reckall Orderlies are a gentle, ef-  
fective, dependable and safe bowel  
regulator, strengthener and tonic,  
that are eaten like candy. They re-  
establish nature's functions in a  
quiet, easy way. They do not cause  
any inconvenience, griping or nau-  
sea. They are so pleasant to take,  
and work so easily, that they may  
be taken by any one at any time.  
They thoroughly tone up the whole  
system to healthy activity. They have  
a most beneficial action upon the liver.

Reckall Orderlies are unsurpassable  
and ideal for the use of children, old  
folks and delicate persons. We can-  
not too highly recommend them to  
all sufferers from any form of con-  
stipation and its attendant evils.  
That's why we back our faith in  
them with our promise of money back  
if they do not give entire satisfaction.  
Two sizes: 12 tablets 10 cents and  
36 tablets 25 cents. Remember you  
can obtain Reckall Remedies in Ada

## DEATH LIST NOW ESTIMATED AT 100

TERRIBLE FLOODS WILL RESULT  
FROM WARM WEATHER  
IN WASHINGTON

## RIVERS ARE RAPIDLY RISING

Lowlands Covered with Water and  
Farmers Are Rapidly Leaving  
Their Homes

Seattle, Wash., March 4.—Most of  
the rivers of western Washington  
overflowed their banks today and con-  
tinue to rise, high temperatures  
melting the mountains now. The  
forecast is for warm weather through  
Washington and light rain on Puget  
Sound.

All lowlands between Seattle and  
Tacoma are submerged forming an  
enormous inland sea in which banks  
of the White, Black and Duwamish  
rivers are lost. The flood came so  
gradually that no loss of life or live-  
stock occurred. The ground has been  
like a soaked sponge for a week and  
depressions were filled with surface  
water when the swollen streams slow-  
ly lapped over their banks. Currents  
formed through the already inundated  
country when the rivers broke from  
their channels and the water crawled  
up inch by inch until the valleys  
were linked together. Many farmers  
have moved into the upper stories of  
their houses and travel in boats.

In Lewis county and along the  
Chehalis river to Gray Harbor similar  
conditions prevail.

The Northern Pacific is having dif-  
ficulty in keeping its line open on  
the west slope of the Cascades. Green  
river being a raging torrent. The  
Northern Pacific officials are not  
hopeful of maintaining the service to  
Portland.

The rainfall has been very heavy  
in Cedar river valley, threatening to  
cut off Seattle's water supply. The  
Milwaukee road which, by turning  
the course of Cedar river endan-  
gered the city aqueduct, is making a  
hard fight to control the river.

## Death List 100.

Wellington, Wash., Mar. 4.—The  
list of dead and missing passengers,  
trainmen and postal employees who  
were carried down by the avalanche  
that destroyed two Great Northern  
trains Tuesday morning, now contains  
eighty-six names. An estimate of 100  
is conservative.

The dead all were residents of the  
northwest. Of the injured only one,  
the Rev. Bishop Winget of Chicago,  
was an easterner. No one who has  
seen the wreckage has the slightest  
hope of finding any of the missing  
people alive.

## Relief Work Rushed.

All day a stream of men, packs  
strapped to their backs, wound about  
the mountain path from Ekykomish  
to Seanie, and Wellington, carrying  
food and supplies for the injured. One  
hundred and fifty men dug for bodies  
in the avalanche debris, some of them  
working to recover the bodies of  
friends or relatives. Among the bod-  
ies found today were those of former  
Prosecuting Attorney R. M. Barn-  
hardt of Spokane; Conductor J. L.  
Pettit, who after a trip on foot to  
Skykomish, went back to his post,  
and Mrs. M. A. Covington of Olympia,  
who left Spokane to celebrate her  
golden wedding anniversary in Seat-  
tle today.

If the searchers locate the Pullman  
cars intact they may take out many  
bodies in a short time, but it is like-  
ly the dead are strewn through acres  
of debris. It will take weeks to re-  
cover all the bodies. After the track  
is opened, engines and tackle will lift  
the huge trees and boulders. There  
are no coffins in Wellington, and the  
dead, wrapped in blankets on the  
snow, are well preserved.

Snow plows and wrecking trains  
working east from Skykomish made  
good progress today. Superintendent  
O'Neil of the Great Northern said  
tonight he expected the road to be  
in operation April 1.

## Kentucky Educator Chosen

Guthrie, Okla., March 4.—Announce-  
ment is made today of the election  
of Dr. W. J. McGlothlin of Louisville,  
Ky., as president of the Oklahoma  
Baptist University at Shawnee. Dr.  
McGlothlin is a native of Kentucky,  
and is now professor of church his-  
tory in the Baptist Theological Semi-  
nary at Louisville and is a graduate  
of Berlin. Rev. W. S. Wiley of Mus-  
kogee, former president of the Ba-  
cone University, was selected educa-  
tional secretary.

## THE STATE ISSUES SUB- POENAS FOR R. R. MEN

HIGH OFFICIALS CITED TO AP-  
PEAR MARCH 15.

Are Wanted to Testify in the Pend-  
ing Freight Rate Cases—Infor-  
mation Wanted.

Guthrie, Ok., Mar. 4.—The Corpor-  
ation Commission today issued a  
bath of subpoenas for general officers  
of railroads operating in and through  
Oklahoma for them to appear before  
the commission in Guthrie on March  
15 and testify in the freight rate  
cases pending here. The commission  
states that it is seeking knowledge  
of the original cost of the roads  
and the amount of stocks and bonds  
delivered for those portions lying in  
the State of Oklahoma, which it  
says is necessary in determining the  
value of the property upon which the  
companies insist they shall earn a  
fair return.

Up to this time the commission  
states that none of the witnesses have  
been able to give the desired infor-  
mation, and it issued processes for  
the following general officers: J. A.  
Edson, Kansas City, president of the  
Kansas City Southern; C. A. Morse  
and E. L. Copeland of Topeka, ex-  
chief engineer and secretary of the  
Atchison, Topeka and Santa Fe;  
Frank Kell, Wichita Falls, Texas,  
president of the Wichita Falls and  
Northwestern; A. A. Allen, St. Louis,  
president of the Missouri, Kansas and  
Texas; B. L. Winchell, president of  
the Frisco, and F. H. Hamilton, sec-  
retary of the Frisco, H. U. Mudge,  
president, and George H. Crosby, sec-  
retary of the Rock Island; E. P. Rip-  
ley, president of the Santa Fe; F. G.  
Pettibone, vice president and general  
manager, and A. C. Torbert, sec-  
retary of the Gulf, Colorado and Santa  
Fe, Galveston; George J. Gould, pres-  
ident of the Iron Mountain, and A.  
H. Calef, secretary and treasurer of  
the same company, and C. N. White-  
head, secretary of the Missouri, Kan-  
sas and Texas, New York.

## Aged Chime Ringer Dead.

New York, Mar. 3.—Albert Meis-  
lahn, for half a century ringer of the  
chimes of Old Trinity church here,  
is dead at his home in Madison, N.  
J. This morning the historic bells  
were tolled for the bell ringer. He  
was born in the shadow of the Old  
Trinity spire sixty-two years ago.  
As a lad he delighted to climb the  
belfry and help the old bell ringer  
at his task. Then, when only 12  
years of age, he was officially ap-  
pointed assistant bell ringer. Among  
the occasions on which Meislahn  
made the bells ring out were the un-  
veiling of the Statue of Liberty,  
the opening of the Brooklyn bridge,  
Queen Victoria's diamond jubilee, the  
homecoming of Dewey and the de-  
parture of Roosevelt.

## Cause of Eczema Explained.

After years of debate medical authorities are now agreed that Eczema and other skin diseases are not seated in the blood, but are caused by myriads of microscopic animals gnawing the flesh just below the epidermis. The patient is perfectly healthy, it is only the skin that is diseased.

Hence, scientists are now agreed that you must cure the skin through the skin. The medicine must be in liquid form in order to penetrate properly. And we can say with confidence that we have the true remedy for Eczema in our store.

The instant you wash with this soothing liquid you will find the itch relieved. We positively assure you of this. Will you try a bottle (at only 25c) on our recommendation? Ask for D. D. Prescription. Ramsey Drug Company, West Main Street

## 23 KILLED.

Juneau, Alaska, Mar. 4.—Twenty-three miners were killed last night by an explosion of a powder magazine in the 1,000-foot level of the main mine, one of the group of Treadwell gold properties on Douglass Island. Eight men were seriously injured, of whom it is said four will die.

The last shots had been fired by the shift of men twenty minutes before the explosion took place and the men had assembled at the landing of the ship and were arranging to enter it and go on top.

The magazine, which contained 275 tons of powder, was thirty feet away from the place where the men were standing and every man was killed or injured.

Most of the miners were foreigners, and only three had families on the island.

# GEORGE CULVER IS ACQUITTED

CHIEF OF POLICE NOT GUILTY  
OF ASSAULT TO KILL  
CHARGE

## ACTED IN DEFENSE OF LIFE

Difficulty of Culver and Policeman  
Lem Mitchell Which Occurred  
on Night of September 24,  
Is Ended.

Chief of Police George Culver was acquitted last evening on a charge of assault to kill Policeman Lem Mitchell in front of the Grand Leader store on the night of September 24, last year.

Much time was taken in securing a jury and the trial did not begin until about 2 o'clock.

## Lem Mitchell Testifies.

Lem Mitchell was the first witness. He stated he and Joe Foster, who was also on the night police force, were sitting on the walk in front of the store. Culver came across the street and sat down between them, saying he wanted to talk to Mitchell. "You boys have been jobbing me ever since you went to work," Mitchell replied that he had not. Culver then told him if they didn't quit business would pick up, and pick-up quick. Both went after their guns and Mitchell said it was hard to tell which one "drew" first but he thought Culver did. The shooting occurred between 7 and 8 in the evening and it was dark. When Mitchell attempted to pull his gun it hung on his clothing for a second or two. He fired three shots and Culver fired four. Culver was hit in the arm and got behind a telephone pole and did not shoot any more. About a month later, Mitchell stated, they shook hands and agreed to drop the matter.

## Foster's Testimony.

Joe Foster's testimony was much the same as Mitchell's. He thought Culver fired first. After the shooting he went to Mitchell to get his gun, but the latter said he wouldn't give his gun to no one.

## Other Witnesses.

S. E. Chapman told that on the night of the shooting Foster told him he "couldn't tell who shot first." Mr. Chapman, Kit Guest, S. W. Hill, C. C. Hargis and Walter Goynne were character witnesses, having known Culver from 5 to 20 years. All testified his character was good.

B. C. King told of seeing the flash of the first shot. It came from Mitchell's side of the street.

## Geo. Culver on Stand.

George Culver—Have known Lem Mitchell for 12 or 15 years. I went to Mitchell and Foster and told Mitchell I wanted to talk to him. I asked him about an affidavit. I told him I had one too and wanted to get the matter straightened out. Mitchell said mine was no good as it didn't have a notary seal on it. Told him he was trying to get me out of office. He got mad, jumped up and said he wasn't working under me—was under the mayor and council. He walked toward the door of the store, wheeled and reached for his gun. I heard the gun click and then reached for mine. Mitchell's gun hung on his clothing. Each fired about the same time but think Mitchell fired first. When I sat down with Mitchell and Foster I did not anticipate trouble. Foster visited me several times while I was suffering with his injured arm, and told me he couldn't tell who shot first.

Relative to this last statement Foster said he didn't think he made it, but thought Culver fired first.

## 8 DAYS ON BARGE.

Peter Nelson Was Alone and at Mercy of the Sea and Wind.

Galveston, Tex., Mar. 4.—Alone on a barge, Peter Nelson, aged 50, was carried across the Gulf of Mexico and landed on the coast of Tamaulipas. The barge broke from the tug towing it near Galveston and driven by a storm was cast adrift and for eight days and nights was at the mercy of the wind and sea. Nelson lived off two day's rations. The barge ran aground on the Mexican Coast and the natives rescued him, gave him water and sent him back to Texas by rail. He arrived here last night.

PHILADELPHIA COUNCIL  
IGNORES STRIKE PROBLEM

MAYOR SAYS IT'S NOT THE CITY'S  
DUTY TO INTERFERE.

Large Crowd Gathers at City Hall  
But No One Is Admitted to  
the Meeting.

Philadelphia, March 4.—The grand jury this afternoon returned indictments against John J. Murphy, president of the Central Labor Union, and C. O. Pratt, organizer of the car men's union. They are charged with rioting and inciting to riot and conspiracy.

For the first time in five years the citizens were excluded from the sessions of their chosen representatives this afternoon. An hour before the time of convening the select and common councils, a vast crowd had gathered on the fourth floor of the city hall, but policemen kept all save the councilmen, reporters and a few privileged persons outside the gate which leads to the council chambers.

The strike was practically ignored by both bodies. A message from Mayor Reeburn reviewed the situation briefly and stated his policy of non-interference partly in these words:

"It is not the city's duty, nor yours, or mine, to interfere between the Philadelphia Rapid Transit company and its employees. The courts of law are available for the redress of any real grievance which either may have against the other. No reason can exist, in proper cases, why they and all other disputants should not submit their differences to the courts or adjust their disputes between themselves. It is of the utmost importance, however, for the good name of our city and for the safety of its citizens, that no step should be taken by your honorable bodies or by any others which would undo in any way or manner interfere with that which has already been done, or lead any person to think or believe that he can, by the aid of the machinery of the executive or legislative branches of the municipal government, enforce any demand not cognizable in the courts or voluntarily adjustable between the parties."

Director of Public Safety Clay today wrote the president of the building exchange, stating that all building materials near places under course of construction must be moved from the streets by tomorrow night. This is to prevent rioters from using missiles against the police and trolley cars.

The first step toward having the differences settled under the authority of the courts and thus preventing the gigantic sympathetic strike, was taken tonight by the carmen, who wrote to President Kruger of the company, asking him to join in an application to be made to the courts

under the act of 1893 for the appointment of a board of arbitration to decide the differences existing between the strikers and the transit company. A reply is requested before noon tomorrow.

Before the receipt of the communication President Kruger was shown a copy of the law and asked if the company would abide by it. He replied:

"Certainly the company will submit to law."

Hunter Sentence Affirmed.

Guthrie, Ok., Mar. 4.—Alf Hunter, the negro who was convicted of having killed Sheriff George Garrison of Oklahoma County, near Watonga, Blaine County, June 5, 1908, will be hanged at Watonga on April 8, according to an opinion by the criminal court of appeals, delivered by Justice Doyle today, affirming the sentence of the lower court. Hunter killed a woman in Oklahoma City, and while Sheriff Garrison was leading a posse for his capture, in Blaine county, the sheriff was killed. The negro was captured in Arkansas and returned here for trial. While Hunter's case was on appeal, the prisoner was removed to the State penitentiary at McAlester. He will be executed there.

To Organize Labor Party

Guthrie, Okla., March 4.—Talk of a labor party in the next State election is strong among labor leaders and farmers' union men. A conference was held here today with that end in view, attended by C. E. Zeigler and J. Luther Langston, president and secretary, respectively, of the State Federation of Labor; George McConnell and Lee Payne, members of the executive committee and numerous representatives of the Farmers' Union. The conference went on record against any Constitutional amendment that modified corporation laws. The labor leaders on the contrary are for radical amendments.

Poison Whiskey Kills

Pawhuska, Okla., March 4.—Ernest Fletcher of Missouri, who recently came here on a visit, was found dead in his bed this morning, and the coroner returned a verdict that he died as the result of drinking poisoned whiskey. Fletcher received the liquor, which is known as "corn whiskey" by express from Kansas City last night and drank freely with August Lemke and J. F. Morton. Lemke and Morton are both ill. The former may die. Samples of the whiskey have been sent to the State Chemist at Norman for analysis.

Jury's Verdict.

On this 4th day of March, 1910, at the corner inquest before H. J. Brown Justice of the Peace in and for said county, acting as coroner in and for said county, held at Ada, Pontotoc county, Oklahoma.

We, the jury, being empaneled and sworn according to law, and after hearing the evidence as to the cause of the death of Claud Hubbard, returned the following verdict.

We find that Claud Hubbard, aged twelve years, residing with his parents at Lawrence, Okla., while in company of John P. Whitson, a boy of sixteen years of age came to his death by being crushed to death under a south-bound Frisco freight train on the 3rd day of March, 1910, at the City of Ada, Pontotoc county, Okla., and we further find that deceased came to his death by unlawfully, and negligently, jumping on and off of a moving freight train, and being wholly at fault.

Given under our hands on this 4th day of March, 1910.

## ADA APPROPRIATION BILL PASSED

APPROPRIATION OF \$48,096 FOR NORMAL SLIDES THROUGH SENATE.

## MANY BILLS ARE PASSED

Industrial College for Girls at Chickasha Gets \$55,000 for Maintenance—Indian Scout Gets Paid.

Guthrie, Okla., Mar 3.—Senate bill number 103, by Stafford, providing for the sale of the quarter section of school land now under lease to the state fair association at Oklahoma City, passed the senate this afternoon. There are two amendments, one by Eggerman, providing for the sale of eighty acres of school land for a medical college at Shawnee the other by Cunningham providing for the sale of 640 acres of land adjacent to the city of Guthrie to the city of Guthrie for park purposes.

Senate bill number 95 by Strain and Goulding authorizing boards of equalization to make corrections in assessments and allowing appeals from their actions also passed. The section requiring appeals to be submitted in writing was stricken from the bill.

A steering committee composed of Senators Williams (chairman), Thomas Russell, Allen Mitchell and Warren was appointed to clean up the senate calendar and fix a date for adjournment.

Senate bill number 82 by Taylor appropriating \$55,000 for the maintenance of the industrial college for girls at Chickasha was passed.

House bill number 148, by Hughes providing for the holding of sessions of the county court of Mayes county at Choteau was passed.

House bill number 162 by Tucker, same provisions as in bill number 148 and applicable to Afton, in Ottawa county, also passed.

The oil and gas committee favorably reported house bill number 15 providing for the regulation of the inspection of oils, and for the appointment and compensation of oil inspectors.

The public buildings committee favorably reported house bill number 27, by Anthony establishing a state home at Pryor Creek.

The legal advisory committee submitted house bill number 103, by McDuffy and Savage providing for a landlord lien for money and supplies furnished tenants without recommendation. A bill of this character was introduced in the senate early in the special session and was defeated.

Senator Cordell's appropriation of \$320.97 for William Tighman for services rendered as a scout during the Snake Indian uprising was passed today.

The senate on convening this afternoon passed senate bill number 69 by Blair legalizing bond issues of municipal corporations, which was amended, excepting cities of the first class.

Senate bill number 98, by Roddie appropriating \$48,096 for the Ada normal, was passed.

Senate bill number 112, by Russell, creating a state board of public affairs, qualifying officers to hold until their successors are appointed, etc., was passed. The state board of public affairs is already in existence and this bill was introduced and passed to correct an error which was made in the original bill creating the office.

House bill number 85, by Anthony, providing for the taxation of the property and franchises of steam railroad companies, was, after much debating passed by the senate this afternoon. Senators Hatchett, Stafford, Davis Blair and others opposed the bill bitterly, contending that it is not constitutional, and when the vote was taken it had a constitutional majority, with not a vote to spare, Senator Blair changing his vote from no to aye to let it pass.

Senator Graham introduced the following concurrent resolution in the senate this afternoon, which was unanimously adopted by roll call.

Whereas, the sixty-first congress of the United States of America, at its session begun and held at the city of Washington, the fifteenth day of March, 1909, by joint resolution, pro-

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three months' wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

## BOY MEETS DEATH UNDER CAR WHEELS

CLAUDE HUBBARD, 13 YEARS OLD, RUN OVER BY FRISCO TRAIN.

## OCCURRED AT 8:20 LAST EVE

Had Bearded Train and Attempted to Step to Next Car When He Fell Between Cars Cutting Body in Two.

Car wheels which have claimed so many victims added another to the list of fatalities at 8:20 last night when Claude Hubbard, aged 13 was run over and cut in two in front of the Frisco depot by a through freight on that road.

The train had stopped in this city to receive orders and the boy evidently attempted to board it before it made this stop. The actions of a brakeman bears out this supposition for after the train came to a stop he went to the engine and immediately started for the rear of the train. After going a few car lengths he discovered the severed body of the lad.

### Body Cut in Two.

The wheels had passed over the breast and only the skin was holding the two parts of the body together, which were lying between the main and passing tracks.

### Mistaken in Body.

Soon after the accident the report was made that the victim was a boy named Sitton who lives near Maxwell, and a sister of the Sitton boy was summoned but the body was not that of her brother. A complete identity was immediately made.

### Boy Had Companion.

With the Hubbard boy at the time of the accident was John Whitson, 16 years old, son of W. D. Whitson of Lawrence. A search was made for young Whitson but he was not located until about 10 o'clock this morning when it was learned that he was at his home. He was instructed to return to Ada to be present at the coroner's inquest at 2 p. m. today.

### Son of J. P. Price.

Claude Hubbard was the stepson of J. P. Price a well known and influential farmer near Lawrence. D. E. Price, a step-brother of Claude, lives on West 15th street in this city.

### Had Been Jumping Trains.

L. McNair, agent of the Frisco, stated this morning that the Hubbard and

Whitson boys were around the depot Wednesday night and Thursday jumping trains. Yesterday afternoon the Hubbard lad narrowly escaped being mingled while attempting to get on a train. After this occurrence Mr. McNair approached the lads and told them to keep away from the tracks. They left but after dark returned with the result of Hubbard forfeiting his life.

### Claim Agent Talks.

Geo. P. Walker, claim agent of the Frisco with headquarters at Francis came to this city early this morning. He stated to an Evening News representative that the location of the Frisco tracks in this city is the most dangerous on the division and that more accidents happen here than at any other place four boys having been killed or injured while attempting to board moving trains within the past several months.

### JOHN WHITSON TELLS ABOUT IT.

Companion of Claude Hubbard Makes Statement at Inquest.

John Whitson the boy who was with Claude Hubbard when the latter was killed arrived in the city sooner than was expected and at the coroner's inquest which was held at 11:30 this morning he told the following story.

Claude and I returned to the Frisco depot about 8:30 last night—after Mr. McNair told us to keep away—and were standing between the tracks. Claude wanted to go home but I wanted us to stay with my uncle

here. The train came along and he caught onto the first car which was a coal car. He started to step to the next car—a tank car—and fell head first between the cars. The front trucks passed over him and the train stopped before the next trucks got to him. I caught him by the feet.

## DALLAS MOB LYNCHES NEGRO

ALLEN BROOKS, ASSAULTER OF  
3-YEAR-OLD GIRL IS  
HANGED

## MOB GETS HIM IN COURT ROOM

Five Thousand Persons Attempt to  
Kiln Two Others From Jail Their  
Purpose Being to Lynch  
Them With Brooks.

Dallas Tex., Mar 4—Allen Brooks,  
a negro charged by indictment with  
criminal assault upon the person of  
Mary Ethel Buvens a white child  
less than 3 years old was lynched  
yesterday morning while his trial was  
in progress in the criminal district  
court room

Angered by the horror of one of  
the most heinous crimes since the  
days of reconstruction, less than 200  
white men and on conspicuous ne-  
gro fought their way past fifty armed  
deputies and twenty policemen into  
the courtroom and secured pos-  
session of Brooks without the fir-  
ing of a shot or the serious injury  
of any member of either the attack-  
ing or defending forces

From the second floor of the court-  
house where the negro was located  
a rope thrown from the crowd be-  
low through a window was tied  
around the negro's neck and the other  
end was tossed back to the crowd below

Pulled Through Courtroom Window.  
Six or seven men grabbed the rope  
and began to pull. In the little jury  
room above, where Brooks had run  
to cover and where the last defense  
for him was made, were perhaps half  
dozen men who picked the negro up  
and shoved him through the window.  
The window is about twenty feet  
above the ground, and Brooks came  
out of it head first. He struck on  
his forehead and the fall if it did not  
kill him knocked him unconscious.

Hanged at Elks' Arch.  
Then the maddened crowd caught  
the rope and dragged the negro's body  
up Main street to the Elks' Arch. One  
of the mob took the end of the rope  
and climbed up a telephone pole at  
the corner of the arch. The rope was  
thrown across one of the iron spikes  
used as ladders by firemen and  
Brooks' body was pulled up until it  
dangled about four feet above the  
ground.

After the body had hung in the  
air about ten minutes a man in citi-  
zen's clothes climbed up and cut it  
down. Chief of Police John Ryan ap-  
peared then, and, taking charge of the  
body had it carried to the Emergency  
Hospital in the city hall.

Start for the Jail.  
But having wreaked vengeance for  
the crime upon the body of a white  
man the crowd then listened to the  
many cries of "Let's go get Burrell  
Oates and Bubber Robinson." These  
murmurs had been heard through-  
out the whole of the forenoon, and  
as soon as Brooks' body disappeared  
a crowd of 600 men started toward  
the county jail.

Oates has been convicted five times  
of the murder of Sol Aronoff which  
occurred in Dallas several years ago.  
Bubber Robinson has been convicted  
for the killing of Frank Wolford, a  
white farmer, which occurred over  
a year ago.

## WILL SEND LETTERS OVER TELEGRAPH WIRES

WESTERN UNION TO INAUGURATE  
NEW SERVICE

To Be Known as Night Letters and  
Will Be Dispatched at Non-  
inal Rates

Announcement is made by the  
Western Union Telegraph Company  
that it will shortly be prepared to  
handle long night messages at the  
rates customarily charged for ten  
word day messages.

It appears that the Western Union  
has a large unemployed mileage of  
wire at night, which is not earning  
anything. These wires must be main-  
tained in any event to take care of  
the regular day business, and it is  
apparently the idea of the new in-  
terests in the telegraph company to  
let the public have the benefit of  
them. The announcement states that  
"A special night letter service" will  
be established as soon as practicable.

The charge for this service will be  
the standard day rate for ten words,  
for the transmission of fifty words  
or less, and one-fifth of such stand-  
ard day rate will be charged for  
each additional ten words or less.  
To be taken at these rates, "night  
letters" must be written in plain  
English language, that is to say,  
code words or communications writ-  
ten in foreign languages will not be  
accepted. The messages will be tak-

en at any hour up to midnight and  
transmitted at the company's con-  
venience during the night for deliv-  
ery the following morning. For the  
present, the new service is confined  
to Western Union offices in the United  
States. The tariffs charged for "night  
letters" are so low that it is ex-  
pected the new service will be lar-  
gely availed of by business concerns  
and others to quicken their corres-  
pondence by using the telegraph in-  
stead of mails. A night letter sent  
by telegraph will reach its destina-  
tion at the opening of business hours  
the following morning thus saving  
as much as three or four days when  
long distances are involved.

## WILBUR JONES OUT FOR REGISTER OF DEEDS

ADA'S CAPABLE CITY CLERK AN-  
NOUNCES.

A Native of Hopkins County, Texas,  
and Is Well and Favorably  
Known in Pontotoc County.

In yesterday's issue of the Even-  
ing News appeared the announce-  
ment of Wilbur B Jones for the of-  
fice of register of deeds of Pontotoc  
county.

Mr Jones has been a resident of  
Ada and Pontotoc county for many  
years and is well and favorably  
known over the county.

Two years ago he was elected city  
clerk of Ada over one of the most  
popular men in the city and carried  
every ward but one, and tied that  
in 1908 he was re-elected without op-  
position.

So well has he transacted the busi-  
ness of that office the city would  
indeed be fortunate in having him  
continue in that capacity. To be  
clerk of a growing city like Ada  
when there are chances to make  
blunders, and to never make one  
much executive ability must be ex-  
ercised.

Such is the record of Mr Jones  
who at all times as register of deeds  
would be thoroughly conscious of  
what is best for the people and that  
best would certainly be an honor  
for the man.

Mr Jones is a native of Hopkins  
county, Texas, and lived there all his  
life until coming to Ada eight years  
ago.

## VETERAN EDITOR DEAD.

Kansas City (March 4)—Alexander  
Butts, associate editor of the Kansas  
City Star, and a widely known news-  
paper writer, died suddenly at his  
home here tonight aged 63 years.  
Mr Butts had been ill for six months,  
but recently was thought to be re-  
covering. He has been a member of  
the Stars editorial staff for twenty  
years.

## EIGHT CLERKS DEAD

Washington March 4—Eight out of  
nine employees of the railway postal  
service who were aboard the Great  
Northern railway train which was  
swept into a canyon near Wellington,  
Wash., by a snow slide on March 1,  
lost their lives and the ninth was in-  
jured seriously.

Reckall Orderlies are a gentle, ef-  
fective, dependable and safe bowel  
regulator, strengthener and tonic,  
that are eaten like candy. They re-  
establish nature's functions in a  
quiet, easy way. They do not cause  
any inconvenience, griping or nau-  
sea. They are so pleasant to take,  
and work so easily, that they may  
be taken by any one at any time.  
They thoroughly tone up the whole  
system to healthy activity. They have  
a most beneficial action upon the liver.

Reckall Orderlies are unsurpassable  
and ideal for the use of children, old  
folks and delicate persons. We can-  
not too highly recommend them to  
all sufferers from any form of con-  
stipation and its attendant evils.  
That's why we back our faith in  
them with our promise of money back  
if they do not give entire satisfaction.  
Two sizes 12 tablets 10 cents and  
36 tablets 25 cents. Remember you  
can obtain Reckall Remedies in Ada  
only at our store—The Rexall Store.

## DEATH LIST NOW ESTIMATED AT 100

TERRIBLE FLOODS WILL RESULT  
FROM WARM WEATHER  
IN WASHINGTON

## RIVERS ARE RAPIDLY RISING

Lowlands Covered with Water and  
Farmers Are Rapidly Leaving  
Their Homes

Seattle Wash., March 4—Most of  
the rivers of western Washington  
overflowed their banks today and con-  
tinue to rise. High temperatures  
melting the mountains now. The  
forecast is for warm weather through  
Washington and light rain on Puget  
Sound.

All lowlands between Seattle and  
Tacoma are submerged forming an  
enormous inland sea in which banks  
of the White, Black and Duwamish  
rivers are lost. The flood came so  
gradually that no loss of life or live-  
stock occurred. The ground has been  
like a soaked sponge for a week and  
depressions were filled with surface  
water when the swollen tides slowly  
lapped over their banks. Currents  
formed through the already inundated  
country when the rivers broke from  
their channels and the water crawled  
up inch by inch until the valleys  
were linked together. Many farmers  
have moved into the upper stories of  
their houses and travel in boats.

In Lewis county and along the  
Chehalis river to Gray Harbor similar  
conditions prevail.

The Northern Pacific is having dif-  
ficulty in keeping its line open on  
the west slope of the Cascades. Green  
river being a raging torrent. The  
Northern Pacific officials are not  
hopeful of maintaining the service to  
Portland.

The rainfall has been very heavy  
in Cedar river valley, threatening to  
cut off Seattle water supply. The  
Milwaukee road which, by turning  
the course of Cedar river endan-  
gered the city aqueduct, is making a  
hard fight to control the river.

Death List 100.  
Wellington, Wash., Mar 4—The  
list of dead and missing passengers,  
trainmen and postal employees who  
were carried down by the avalanche  
that destroyed two Great Northern  
trains Tuesday morning, now contains  
eighty-six names. An estimate of 100  
is conservative.

The dead all were residents of the  
northwest of the injured only one,  
the Rev Bishop Winget of Chicago,  
was an easterner. No one who has  
seen the wreckage has the slightest  
hope of finding any of the missing  
people alive.

Some of the bodies are shockingly  
mangled. An avalanche of dry snow  
might have covered its victims alive  
but the gorge at Wellington is packed  
tight with wet snow, ice, huge  
trees and glacial boulders of enorm-  
ous weight. Two of the bodies re-  
covered were those of the electricians  
who were living in a cabin at the  
edge of Wellington and who were  
carried 300 feet down the slope.

Relief Work Rushed.

All day a stream of men, packs  
strapped to their backs, wound about  
the mountain path from Elykumish  
to scenic and Wellington, carrying  
food and supplies for the injured. One  
hundred and fifty men dug for bodies  
in the avalanche debris, some of them  
working to recover the bodies of  
friends or relatives. Among the bod-  
ies found today were those of former  
Prosecuting Attorney R. M. Barn-  
hardt of Spokane, Conductor J. L.  
Pettit, who after a trip on foot to  
Skykomish, went back to his post,  
and Mrs. M. A. Covington of Olympia,  
who left Spokane to celebrate her  
golden wedding anniversary in Seat-  
tle today.

If the searchers locate the Pullman  
cars intact they may take out many  
bodies in a short time, but it is like-  
ly the dead are strewn through acres  
of debris. It will take weeks to re-  
cover all the bodies. After the track  
is opened, engines and tackle will lift  
the huge trees and boulders. There  
are no coffins in Wellington, and the  
dead, wrapped in blankets on the  
snow, are well preserved.

Snow plows and wrecking trains  
working east from Skykomish made  
good progress today. Superintendent  
O'Neil of the Great Northern said  
tonight he expected the road to be  
in operation April 1.

## Kentucky Educator Chosen

Guthrie, Okla., March 4—Announce-  
ment is made today of the election  
of Dr. W. J. McGlothlin of Louisville,  
Ky., as president of the Oklahoma  
Baptist University at Shawnee. Dr.  
McGlothlin is a native of Kentucky,  
and is now professor of church his-  
tory in the Baptist Theological Semi-  
nary at Louisville and is a graduate

*madam: Don't be misled* Cheap and Big Can Baking Powder is Only Big in Size - Not in Satisfaction - Not in Economy

A large can and a small one does not make baking powder cheap or even less expensive than Calumet—the high-quality, moderate price kind. It certainly cannot make it as good. Don't judge baking powder in this way—the real test—the proof of raising power, of evenness, uniformity, wholesomeness and deliciousness will be found only in the baking.

## CALUMET BAKING POWDER

the Happy Medium

is a better baking powder than you have ever used before. And we will leave it to your good judgment for proof. Buy a can today. Try it for any baking purpose. If the results are not better—if the baking is not lighter, more delicious, take it back and get your money back. Calumet is medium in price, but great in satisfaction. Free—large handsome recipe book, illustrated 2 colors. Send 4c and slip found in pound can.

## THE STATE ISSUES SUB- POENAS FOR R. R. MEN

HIGH OFFICIALS CITED TO AP-  
PEAR MARCH 15.

Are Wanted to Testify in the Pend-  
ing Freight Rate Cases—Infor-  
mation Wanted.

Guthrie Ok., Mar 4—The Corpor-  
ation Commission today issued a  
batch of subpoenas for general officers  
of railroads operating in and through  
Oklahoma for them to appear before  
the commission in Guthrie on March  
15 and testify in the freight rate  
cases pending here. The commission  
states that it is seeking knowledge  
of the original cost of the roads  
and the amount of stocks and bonds  
delivered for those portions lying in  
the State of Oklahoma, which it  
says is necessary in determining the  
value of the property upon which the  
companies insist they shall earn a  
fair return.

Up to this time the commission  
states that none of the witnesses have  
been able to give the desired infor-  
mation, and it issued processes for  
the following general officers: J. A.  
Edson, Kansas City, president of the  
Kansas City Southern; C. A. Morse  
and E. L. Copeland of Topeka, ex-  
chief engineer and secretary of the  
Atchafalpa, Topeka and Santa Fe;  
Frank Kell, Wichita Falls, Texas,  
president of the Wichita Falls and  
Northwestern; A. A. Allen, St. Louis,  
president of the Missouri, Kansas and  
Texas; B. L. Winchell, president of  
the Frisco, and F. H. Hamilton sec-  
retary of the Frisco; H. U. Mudge,  
president, and George H. Crosby, sec-  
retary of the Rock Island; E. P. Rip-  
ley, president of the Santa Fe; F. G.  
Pettibone, vice president and general  
manager, and A. C. Torbert, sec-  
retary of the Gulf, Colorado and Santa  
Fe; Galveston, George J. Gould pres-  
ident of the Iron Mountain, and A.  
H. Caley, secretary and treasurer of  
the same company, and C. N. White-  
head, secretary of the Missouri Kan-  
sas and Texas, New York.

## Cause of Eczema Explained.

After years of debate medical authorities are now agreed that Eczema and other skin diseases are not seated in the blood, but are caused by myriads of microscopic animals gnawing the flesh just below the epidermis The patient is perfectly healthy, it is only the skin that is diseased

Hence, scientists are now agreed that you must cure the skin through the skin The medicine must be in liquid form in order to penetrate properly And we can say with confidence that we have the true remedy for Eczema in our store

## 25 KILLED.

Juneau, Alaska, Mar 4—Twenty-three miners were killed last night by an explosion of a powder magazine in the 1,000-foot level of the main mine, one of the group of Treadwell gold properties on Douglas Island Eight men were seriously injured, of whom it is said four will die

The last shots had been fired by the shift of men twenty minutes before the explosion took place and the men had assembled at the landing of the ship and were arranging to enter it and go on top

The magazine, which contained 275 tons of powder, was thirty feet away from the place where the men were standing and every man was killed or injured

Most of the miners were foreigners, and only three had families on the island.

# GEORGE CULVER IS ACQUITTED

CHIEF OF POLICE NOT GUILTY OF ASSAULT TO KILL CHARGE

## ACTED IN DEFENSE OF LIFE

Difficulty of Culver and Policeman Lem Mitchell Which Occurred on Night of September 24, Is Ended.

Chief of Police George Culver was acquitted last evening on a charge of assault to kill Policeman Lem Mitchell in front of the Grand Leader store on the night of September 24 last year

Much time was taken in securing a jury and the trial did not begin until about 2 o'clock

Lem Mitchell Testifies.

Lem Mitchell was the first witness He stated he and Joe Foster who was also on the night police force were sitting on the walk in front of the store Culver came across the street and sat down between them saying he wanted to talk to Mitchell You boys have been jobbing me ever since you went to work Mitchell replied that he had not Culver then told him if they didn't quit business would pick up and pick-up quick Both went after their guns and Mitchell said it was hard to tell which one "drew" first but he thought Culver did The shooting occurred between 7 and 8 in the evening and it was dark When Mitchell attempted to pull his gun it hung on his clothing for a second or two He fired three shots and Culver fired four Culver was hit in the arm and got behind a telephone pole and did not shoot any more About a month later, Mitchell stated, they shook hands and agreed to drop the matter

Foster's Testimony.

Joe Foster's testimony was much the same as Mitchell's He thought Culver fired first After the shooting he went to Mitchell to get his gun, but the latter said he wouldn't give his gun to no one

Other Witnesses.

S E Chapman told that on the night of the shooting Foster told him he "couldn't tell who shot first" Mr Chapman, Kit Guest, S W Hill C C Hargis and Walter Goynes were character witnesses having known Culver from 5 to 20 years All testified his character was good

B C King told of seeing the flash of the first shot It came from Mitchell's side of the street

Geo. Culver on Stand.

George Culver—Have known Lem Mitchell for 12 or 15 years I went to Mitchell and Foster and told Mitchell I wanted to talk to him I asked him about an affidavit I told him I had one too and wanted to get the matter straightened out Mitchell said mine was no good as it didn't have a notary seal on it Told him he was trying to get me out of office He got mad, jumped up and said he wasn't working under me—was under the mayor and council He walked toward the door of the store, wheeled and reached for his gun I heard the gun click and then reached for mine Mitchell's gun hung on his clothing Each fired about the same time but think Mitchell fired first When I sat down with Mitchell and Foster I did not anticipate trouble Foster visited me several times while I was suffering with his injured arm, and told me he couldn't tell who shot first

Relative to this last statement Foster said he didn't think he made it, but thought Culver fired first.

## ADA APPROPRIATION BILL PASSED

APPROPRIATION OF \$48,000 FOR NORMAL SLIDES THROUGH SENATE.

## MANY BILLS ARE PASSED

Industrial College for Girls at Chickasha Gets \$55,000 for Maintenance—Indian Scout Gets Paid.

Guthrie, Okla., Mar. 3.—Senate bill number 103, by Stafford, providing for the sale of the quarter section of school land now under lease to the state fair association at Oklahoma City, passed the senate this afternoon. There are two amendments, one by Eggerman, providing for the sale of eighty acres of school land for a medical college at Shawnee the other by Cunningham providing for the sale of 640 acres of land adjacent to the city of Guthrie for park purposes.

Senate bill number 95 by Strain and Goulding authorizing boards of equalization to make corrections in assessments and allowing appeals from then actions also passed. The section requiring appeals to be submitted in writing was stricken from the bill.

A steering committee composed of Senators Williams (chairman) Thomas Russell, Allen Mitchell and Warren was appointed to clean up the senate calendar and fix a date for adjournment.

Senate bill number 82 by Taylor appropriating \$55,000 for the maintenance of the industrial college for girls at Chickasha was passed.

House bill number 148, by Hughes providing for the holding of sessions of the county court of Mayes county at Choteau was passed.

House bill number 162 by Tucker, same provisions as in bill number 148 and applicable to Atton, in Ottawa county, also passed.

The oil and gas committee favorably reported house bill number 18 providing for the regulation of the inspection of oils, and for the appointment and compensation of oil inspectors.

The public buildings committee favorably reported house bill number 27, by Anthony establishing a state home at Pryor Creek.

The legal advisory committee submitted house bill number 103, by McDuffy and Savage providing for a landlord lien for money and supplies furnished tenants without recommendation. A bill of this character was introduced in the senate early in the special session and was defeated.

Senator Cordell's appropriation of \$320.97 for William Tilghman for services rendered as a scout during the Snake Indian uprising was passed today.

The senate on convening this afternoon passed senate bill number 69 by Blair legalizing bond issues of municipal corporations, which was amended, excepting cities of the first class.

Senate bill number 98, by Roddie appropriating \$48,000 for the Ada normal, was passed.

Senate bill number 112, by Russell, creating a state board of public affairs, qualifying officers to hold until their successors are appointed, etc., was passed. The state board of public affairs is already in existence and this bill was introduced and passed to correct an error which was made in the original bill creating the office.

House bill number 85, by Anthony, providing for the taxation of the property and franchises of steam railroad companies, was, after much debating passed by the senate this afternoon. Senators Hatchett, Stafford, Davis Blair and others opposed the bill bitterly, contending that it is not constitutional, and when the vote was taken it had a constitutional majority, with not a vote to spare, Senator Blair changing his vote from no to aye to let it pass.

Senator Graham introduced the following concurrent resolution in the senate this afternoon, which was unanimously adopted by roll call.

Whereas, the sixty-first congress of the United States of America, at its session begun and held at the city of Washington, the fifteenth day of March, 1909, by joint resolution, pro-

## Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three month's wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

## BOY MEETS DEATH UNDER CAR WHEELS

CLAUDE HUBBARD, 13 YEARS OLD,  
RUN OVER BY FRISCO  
TRAIN.

OCCURRED AT 8:20 LAST EVE

Had Boarded Train and Attempted to  
Step to Next Car When He Fell  
Between Cars Cutting Body  
in Two.

Car wheels which have claimed so many victims added another to the list of fatalities at 8:20 last night when Claude Hubbard, aged 13 was run over and cut in two in front of the Frisco depot by a through freight on that road.

The train had stopped in this city to receive orders and the boy evidently attempted to board it before it made this stop. The actions of a brakeman bears out this supposition for after the train came to a stop he went to the engine and immediately started for the rear of the train. After going a few car lengths he discovered the severed body of the lad.

Body Cut in Two.  
The wheels had passed over the breast and only the skin was holding the two parts of the body together which were lying between the main and passing tracks.

Mistaken in Body.  
Soon after the accident the report was made that the victim was a boy named Sitton who lives near Maxwell, and a sister of the Sitton boy was summoned but the body was not that of her brother. A complete identity was immediately made.

Boy Had Companion.

With the Hubbard boy at the time of the accident was John Whitson, 16 years old, son of W. D. Whitson of Lawrence. A search was made for young Whitson but he was not located until about 10 o'clock this morning when it was learned that he was at his home. He was instructed to return to Ada to be present at the coroner's inquest at 2 p. m. today.

Son of J. P. Price.

Claude Hubbard was the stepson of J. P. Price a well known and influential farmer near Lawrence. D. E. Price, a step-brother of Claude, lives on West 15th street in this city. Had Been Jumping Trains.

L. McNair, agent of the Frisco, stated this morning that the Hubbard and

Whitson boys were around the depot Wednesday night and Thursday jumping trains. Yesterday afternoon the Hubbard lad narrowly escaped being mangled while attempting to get on a train. After this occurrence Mr. McNair approached the lads and told them to keep away from the tracks. They left but after dark returned with the result of Hubbard forfeiting his life.

Claim Agent Talks.

Geo. P. Walker, claim agent of the Frisco with headquarters at Francis came to this city early this morning. He stated to an Evening News representative that the location of the Frisco tracks in this city is the most dangerous on the division and that more accidents happen here than at any other place four boys having been killed or injured while attempting to board moving trains within the past several months.

JOHN WHITSON TELLS ABOUT IT.

Companion of Claude Hubbard Makes Statement at Inquest.

John Whitson the boy who was with Claude Hubbard when the latter was killed arrived in the city sooner than was expected and at the coroner's inquest which was held at 11:30 this morning he told the following story.

Claude and I returned to the Frisco depot about 8:30 last night—after Mr. McNair told us to keep away—and were standing between the tracks. Claude wanted to go home but I wanted us to stay with my uncle

here. The train came along and he caught onto the first car which was a coal car. He started to step to the next car—a tank car—and fell head first between the cars. The front trucks passed over him and the train stopped before the next trucks got to him. I caught him by the feet.

### 23 KILLED.

Juaneau, Alaska, Mar 4—Twenty-three miners were killed last night by an explosion of a powder magazine in the 1,000-foot level of the main mine, one of the group of Treadwell gold properties on Douglas Island Eight men were seriously injured, of whom it is said four will die

The last shots had been fired by the shift of men twenty minutes before the explosion took place and the men had assembled at the landing of the ship and were arranging to enter it and go on top

The magazine, which contained 275 tons of powder, was thirty feet away from the place where the men were standing and every man was killed or injured

Most of the miners were foreigners, and only three had families on the island.

## GEORGE CULVER IS ACQUITTED

CHIEF OF POLICE NOT GUILTY OF ASSAULT TO KILL CHARGE

### ACTED IN DEFENSE OF LIFE

Difficulty of Culver and Policeman Lem Mitchell Which Occurred on Night of September 24, Is Ended.

Chief of Police George Culver was acquitted last evening on a charge of assault to kill Policeman Lem Mitchell in front of the Grand Leader store on the night of September 24 last year

Much time was taken in securing a jury and the trial did not begin until about 2 o'clock

### Lem Mitchell Testifies.

Lem Mitchell was the first witness He stated he and Joe Foster who was also on the night police force were sitting on the walk in front of the store Culver came across the street and sat down between them saying he wanted to talk to Mitchell You boys have been jobbing me ever since you went to work Mitchell replied that he had not Culver then told him if they didn't quit business would pick up and pick-up quick Both went after their guns and Mitchell said it was hard to tell which one "drew" first but he thought Culver did The shooting occurred between 7 and 8 in the evening and it was dark When Mitchell attempted to pull his gun it hung on his clothing for a second or two He fired three shots and Culver fired four Culver was hit in the arm and got behind a telephone pole and did not shoot any more About a month later, Mitchell stated, they shook hands and agreed to drop the matter

### Foster's Testimony.

Joe Foster's testimony was much the same as Mitchell's He thought Culver fired first After the shooting he went to Mitchell to get his gun, but the latter said he wouldn't give his gun to no one

### Other Witnesses.

S E Chapman told that on the night of the shooting Foster told him he "couldn't tell who shot first." Mr Chapman, Kit Guest, S W Hill C C Hargis and Walter Goynne were character witnesses having known Culver from 5 to 20 years All testified his character was good

B C King told of seeing the flash of the first shot It came from Mitchell's side of the street

### Geo. Culver on Stand.

George Culver—Have known Lem Mitchell for 12 or 15 years I went to Mitchell and Foster and told Mitchell I wanted to talk to him I asked him about an affidavit I told him I had one too and wanted to get the matter straightened out Mitchell said mine was no good as it didn't have a notary seal on it Told him he was trying to get me out of office He got mad, jumped up and said he wasn't working under me—was under the mayor and council He walked toward the door of the store, wheeled and reached for his gun I heard the gun click and then reached for mine Mitchell's gun hung on his clothing each fired about the same time but think Mitchell fired first When I sat down with Mitchell and Foster I did not anticipate trouble Foster visited me several times while I was suffering with his injured arm, and told me he couldn't tell who shot first  
Relative to this last statement Foster said he didn't think he made it, but thought Culver fired first.

# PHILADELPHIA COUNCIL IGNORES STRIKE PROBLEM

**MAYOR SAYS IT'S NOT THE CITY'S DUTY TO INTERFERE.**

**Large Crowd Gathers at City Hall But No One Is Admitted to the Meeting.**

Philadelphia, March 4.—The grand jury this afternoon returned indictments against John J. Murphy, president of the Central Labor Union and C. O. Pratt, organizer of the car men's union. They are charged with rioting and inciting to riot and conspiracy.

For the first time in five years the citizens were excluded from the sessions of their chosen representatives this afternoon. An hour before the time of convening the select and common councils, a vast crowd had gathered on the fourth floor of the city hall but policemen kept all save the councilmen, reporters and a few privileged persons outside the gate which leads to the council chambers.

The strike was practically ignored by both bodies. A message from Mayor Rebyrn reviewed the situation briefly and stated his policy of non-interference partly in these words:

"It is not the city's duty nor yours, or mine, to interfere between the Philadelphia Rapid Transit company and its employees. The courts of law are available for the redress of any real grievance which either may have against the other. No reason can exist, in proper cases why they and all other disputants should not submit their differences to the courts or adjust their disputes between themselves. It is of the utmost importance, however for the good name of our city and for the safety of its citizens that no step should be taken by your honorable bodies or by any others which would undo in any way or manner interfere with that which has already been done or load any person to think or believe that he can by the aid of the machinery of the executive or legislative branches of the municipal government enforce any demand not cognizable in the courts or voluntarily adjustable between the parties."

Director of Public Safety Clay today wrote the president of the builders' exchange stating that all building materials near places under course of construction must be moved from the streets by tomorrow night. This is to prevent rioters from using missiles against the police and trolley cars.

The first step toward having the differences settled under the authority of the courts and thus preventing the gigantic sympathetic strike was taken tonight by the carmen who wrote to President Kruger of the company asking him to join in an application to be made to the courts.

under the act of 1893 for the appointment of a board of arbitration to decide the differences existing between the strikers and the transit company. A reply is requested before noon tomorrow.

Before the receipt of the communication President Kruger was shown a copy of the law and asked if the company would abide by it. He replied:

Certainly the company will submit to law.

**Hunter Sentence Affirmed.**  
Guthrie, Ok., Mar. 4.—Alf Hunter the negro who was convicted of having killed Sheriff George Garrison of Oklahoma County near Watonga, Blaine County, June 5, 1908, will be hanged at Watonga on April 8, according to an opinion by the criminal court of appeals, delivered by Justice Doyle today, affirming the sentence of the lower court. Hunter killed a woman in Oklahoma City, and, while Sheriff Garrison was leading a posse for his capture, in Blaine County, the sheriff was killed. The negro was captured in Arkansas and returned here for trial. While Hunter's case was on appeal, the prisoner was removed to the State penitentiary at McAlester. He will be executed there.

**To Organize Labor Party.**  
Guthrie, Okla., March 4.—Talk of a labor party in the next State election is strong among labor leaders and farmers union men. A conference was held here today with that end in view attended by C. E. Ziegler and J. Luther Langston, president and secretary respectively of the State Federation of Labor. George McConnell and Lee Payne, members of the executive committee and numerous representatives of the Farmers Union. The conference went on record against any Constitutional amendment that modified corporation laws. The labor leaders on the contrary are for radical amendments.

**Poison Whiskey Kills.**  
Pawhuska, Okla., March 4.—Ernest Fletcher of Missouri who recently came here on a visit was found dead in his bed this morning and the coroner returned a verdict that he died as the result of drinking poisoned whiskey. Fletcher received the liquor which is known as corn whiskey by express from Kansas City last night and drank freely with August Lemke and J. F. Morton. Lemke and Morton are both ill. The former may die. Samples of the whiskey have been sent to the State Chemist at Norman for analysis.

When the boy broke the terrible news to Mr. and Mrs. Price the boy's parents they were almost overcome by the shock and were unable to come for the body of their boy, but sent for it. Interment will be at Lawrence cemetery this afternoon.

**Jury's Verdict.**  
On this 4th day of March 1910, at the corner inquest before H. J. Brown, Justice of the Peace in and for said county, acting as coroner in and for said county, held at Ada, Pontotoc county, Oklahoma.

We, the jury, being empaneled and sworn according to law, and after hearing the evidence as to the cause of the death of Claud Hubbard, returned the following verdict:

We find that Claud Hubbard, aged twelve years, residing with his parents at Lawrence, Okla. while in company of John P. Whitson a boy of sixteen years of age came to his death by being crushed to death under a south-bound Frisco freight train on the 3rd day of March, 1910 at the City of Ada, Pontotoc County, Okla., and we further find that deceased came to his death by unlawfully and negligently jumping on and off of a moving freight train, and being wholly at fault.

Given under our hands on this 4th day of March, 1910.
